County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works
Michelle Matson, Traffic Engineer

VIA: Jeremy Ghent, Interim Transportation Division Manager

DATE: 5/17/2016

SUBJECT: Submittal of a resolution establishing changes to the traffic regulation codes for no parking and limited parking on Avila Beach Drive, Avila Beach; Stage Coach Road and Santa Fe Road near San Luis Obispo; Ninth Street and Pismo Avenue, Los Osos; and Lopez Drive near Arroyo Grande. Districts 2, 3, 4 and 5.

RECOMMENDATION

It is recommended that the Board adopt the attached resolution establishing changes to the County's Traffic Regulation Code sections involving no parking and limited parking areas.

DISCUSSION

The Department of Public Works received requests for parking restrictions or have identified the following locations:

Avila Beach Drive, Avila Beach – Avila Beach Drive provides access to Diablo Canyon, Port San Luis, Avila Beach and US Highway 101. Public Works installed a section of asphalt curb on Avila Beach Drive to protect the roadway and slope near the entrance to Diablo Canyon. With the addition of the curb, portions of the shoulder were not adequate to support parking and portions of the curb painted red. The attached resolution will establish a no parking zone on the south side of Avila Beach Drive from 460' to 620' east of Diablo Canyon Road.

Stage Coach Road, San Luis Obispo – Stage Coach Road (aka Old Stagecoach Road) parallels the Cuesta grade to the west and is a two (2) lane gravel road providing access to multiple properties. Public Works received a request from residents to pursue a limited parking area to restrict camping, living or sleeping on the entire length of the roadway. In January 2016, all property owners and residents were notified of the proposed ordinance and no opposition was received. The attached resolution will establish a limited parking area to restrict camping, living or sleeping on Stagecoach Road.

Santa Fe Road, San Luis Obispo – The intersection of Santa Fe Road and Old Santa Fe Road was constructed approximately ten years ago with the extension of the airport runway. In 2012, parking was restricted on the south side of the road from Hoover Road to 1500' east as the roadway is not wide enough to support parking on both sides. Public Works received an additional request from San Luis Garbage to restrict parking on the north west side of the intersection of Santa Fe Road and Old Santa Fe Road to clear the sight distance triangle from large trucks and other parked vehicles. The attached resolution will establish a no parking zone on the north side of Santa Fe Road from the centerline of Old Santa Fe Road to 120' west.

Ninth Street, Los Osos – Ninth Street in Los Osos is a collector and provides access to businesses near Los Osos Valley Road and residential land uses. Subsequent to the Los Osos wastewater project pavement restoration work, a two-way center left turn lane was added between Los Osos Valley Road and 400' north of Los Olivos Avenue. Approximately 35' of no parking on the east side of the road, adjacent to a community mailbox, need to be restricted. The attached resolution will establish a no parking zone on the east side of Ninth Street from 340' to 375' north of Los Olivos Avenue.

Pismo Avenue, Los Osos - Pismo Avenue is a residential collector and intersects South Bay Boulevard at a skew. The roadway supports parked vehicles used for the Los Osos Middle School field activities on the weekend with pedestrian access via a tunnel under South Bay Boulevard. However, roadway width narrows near South Bay Boulevard and is not wide enough to support parking. The attached resolution will establish a no parking zone on the south side of Pismo Avenue between the centerline of South Bay Boulevard and 100' west.

Lopez Drive, Arroyo Grande - Lopez Drive provides access to the Five Cities, Huasna, Edna Valley and Lopez Lake areas and is popular for commuter and recreational vehicles. Currently, vehicles are parking and camping in a gravel pull out area just north of intersection with Huasna Road. The attached resolution will establish a limited parking area and restrict parking on the east side of Lopez Drive between the hours of 2:00 a.m. and 6:00 a.m. from 250' to 750' north of Huasna Road.

Staff recommends your Board adopt the attached resolution to establish no parking and limited parking zones at these locations.

Adoption of these regulations does not require a public hearing.

OTHER AGENCY INVOLVEMENT/IMPACT

The California Highway Patrol and the Sheriff's Department will enforce these restrictions, once posted.

FINANCIAL CONSIDERATIONS

Placement of additional signs is estimated to cost \$500 or less per location. This is within the Road Fund's budgeted amount for this activity.

RESULTS

Adoption of this Resolution will enhance County road safety and operations by establishing no parking and limited parking zones, thus improving community livability.
